Instrumentation for polyethylene production

DELIVERY REGION

Middle East

PERIOD

2025

Photograph from the project.

KEY PARAMETERS

228 instruments

Partial packages of 189 + 39 pieces

Indicative financial band

EUR 100,000-250,000

Invoiced partial instrument packages; excluding VAT

Partial instrument supply

Two partial instrumentation packages for high-density polyethylene production contained 228 instruments. The deliveries combined rotameters, glass and magnetic level gauges, and float, vibrating-fork and capacitive level switches. The instrument packages were dispatched separately within the wider project.

SCOPE OF WORK

- 144 rotameters, including 22 with a switch
- 32 glass and 4 magnetic level gauges
- 9 float switches and 39 additional level switches
